# Middle East Water Polo League October - December 2017

## October - December 2017

We are pleased to invite your club to participate in the Middle East Water Polo League! This will be the first and only amateur water polo league of its kind in the Middle East and will provide all those within the region the opportunity to play in regular competitive games at a range of abilities.

The league will be run in the Hamdan Sport Complex, Dubai, which offers great facilities along with extensive spectator opportunities. As the league grows, there is scope for the utilisation of other facilities too, essentially to provide a “home” and “away” style fixture list.

This is a not-for-profit initiative, with the idea of giving back to the water polo community, whilst allowing everyone the opportunity to keep playing the sport we all love and wish to continue playing, at all levels.

To ensure an exciting league occurs, the intent is to host games at a range of levels – from beginners / youth players to more experienced players. The way we facilitate a fair yet competitive league will be through squad selection for each Team; for example the Dubai Camels will enter a 2-3 Teams of varied abilities. Should Dubai Camels Mens A Team play a Youth Team, a less experienced squad will be picked from that Camels Team to ensure a fair match. On the other hand, should Dubai Camels Mens A Team play another Mens A Team (ie Abu Dhabi), a more experienced squad of players will be picked from the Team – to ensure a competitive yet fair game.

All Team members will need to be identified before the start of each season and the squads will be selected to suit each fixture, in the spirit of the sport and allowing everyone to be able to play. As the League evolves, this idea will be revisited and developed to suit the League.
